

# Building Clinical Capacity in Evaluation

**Dr Duncan Wagstaff**

Specialist Trainee in Anaesthesia

PhD Student (UCL)

# My Engagement with Evaluation

2.

Perioperative Medicine  
Service for High Risk  
Surgery

**NIHR** | National Institute  
for Health Research

3.

Perioperative  
Quality Improvement  
Programme

**RCOA**  
Royal College of Anaesthetists

 The  
Health  
Foundation

# Clinician Capacity

## Experience

- Focus on 'clinical evidence'
- Tacit knowledge to evaluate local services

## Capability

- Limited methodological expertise

## Motivation

- Power?
- Ownership?

## Context

- Morale, staffing, organisational support
- Governance frameworks & metrics

# Benefits of Clinical Engagement

For  
evaluators

Access to  
frontline  
experience, ideas  
& questions

Broader impact

For  
clinicians

Empowerment ->  
improved morale

Capacity building
